

This Pre-Submission Product Form offers suppliers the opportunity to share with the OCS top-line critical information about new products coming to market before proceeding with the Product Submission Form (and full details of all product attributes). This form will provide us with top-line information in advance and help streamline the product evaluation process. Licensed Producers and Suppliers must submit this form by the deadline specified in the OCS Assortment Needs Bulletin to receive feedback on the competitiveness of a potential submission.

Eligibility Criteria to Submit to a Product Call

IMPORTANT!

Submission will NOT be allowed if the following is true

- Your PO fill rate percentage is 95% or less. This should be calculated based on your last quarter results.
- If you have had a Health Canada product recall in the last six months, this excludes voluntary product recalls.
- One of your products has been flagged as “High Risk” in one or more categories by our Quality Assurance department.

Once complete, please ensure you adhere to the following file naming convention when submitting this form.
