

As the Ontario marketplace gets more competitive with a broad range of available legal products, consumers are increasingly choosing cannabis products (particularly dried flower and pre-rolls) with cannabinoid ranges +/- 2% or less. Licensed Producers are encouraged to continue to drive consistency among cannabinoid ranges to drive the demand of their products.

Sub Category	Maximum Cannabinoid Variance from Target	Target	Acceptable Range	Unacceptable Range
Dried Flower and Pre-Rolls	+/- 3%	17%	THC: 14 – 20%	THC: < 10 – > 23%
Oils and Capsules	+/- 5%	500 mg / pack	THC: 475 – 525 mg / pack	THC: < 400 – > 600 mg / pack
Concentrates and Extracts	+/- 4%	65%	THC: 60 – 68%	THC: < 60 – > 70%
Vapes and Disposable Vape Pens	+/- 3%	73%	THC: 70 – 76%	THC: < 68 – > 78%
Edibles and Beverages	1 mg	8 mg / unit	THC: 9 – 10 mg / unit (Non-Discrete) THC: 9 – 10 mg / package (Discrete)	THC: < 9 – > 10 mg / unit
Topicals	+/- 5%	500 mg / pack	THC: 475 – 525 mg / pack	THC: < 400 – > 600 mg / pack
